Procurement Plan Narrative

Food, Supplies and Chemicals - Distribution

1. HPS' plan for procuring items for use in the School Nutrition Program is as follows. The procurement plan provides for fair and open competition, transparency in transactions, comparability, and documentation of all procurement activities. The specific procurement procedures are detailed in the SFA's Procurement Procedural Plan.
2. If the amount of purchases is more than the federal small purchase threshold currently valued at \$150,000, or state agency or SFA-approved threshold if less, formal procurement procedures will be used as required by 2 CFR §200.320 and The Department of Education Procurement Code and Regulations. Informal procurement procedures (small purchase) will be required for purchases under the most restrictive small purchase threshold.
3. Because of the potential for purchasing more than \$150,000, it is the direction of (HPS School Food Committee) to utilize the Formal Purchasing method for all HPS contracts.
4. When a formal procurement method is required, HPS will use the following competitive procurement, Request for Proposal (RFP) procedures will apply:
